Dear Dr. Vechet:

Thank you for your list of cultures, which I am happy to have for my files.

As to the culture you asked for, I think you might receive it more promptly if you asked for it from any of several European laboratories which already have it, for example, Dr. L. G. Silvestri, Istituto Superiore di Sanita, Roma. If you have any difficulty with this procedure, I will be happy to supply the strain directly.

Yours sincerely,

Joshua Lederberg  
Professor of Genetics
